ABOUT DR LUC

Dr Luc lectures internationally and his inspiring teaching style is warm and engaging. His knowledge of classical homoeopathic texts may well be unequalled in contemporary homoeopaths. Furthermore, he has the exceptional ability to communicate this knowledge in a way that is simple to

understand. His extensive study of Jungian psychotherapy enables him to bring Hahnemann and Jung together into one cohesive force. With degrees in medicine, acupuncture and homoeopathy, Dr Luc integrates his wealth of knowledge in clinical practice. We are very fortunate to have him return to Australia to continue in his quest to support homoeopathic practitioners and students, passionate for positive outcomes in health care. For more information please visit Dr Luc's website: www.drluc.com.

It is my hope to unify homeopaths under the banner of classical Hahnemannian teachings. Between the realisation of this hope and the present, there lies an abyss over which a bridge needs to be built. We should build it stone by stone! (de Schepper, Adv.Guide for Prof. Homeopaths, p. 227)

WHAT OTHERS SAY

Every year participants are effusively enthusiastic with positive feedback. Here is one attendee's story from last year's seminar:

Helen Webb's Story

In February 2010 I attended Dr Luc De Schepper's Brisbane seminar and found it one of the most interesting seminars I had ever attended. Being an author of 16 Homoeopathic text books Dr.Luc presented his enormous wealth of knowledge in a practical and informative manner. Understanding of remedy "Core Delusions" and their differentiation from other similar remedies has improved my practice ability enormously. After 3 days with Dr. Luc I had a thirst for more and decided to attend the Melbourne seminar on Autism the following weekend. I am looking forward to his next visit to Australia in March 2011 and cannot praise this amazing, dedicated lecturer highly enough.

YOU MUST SEE HIM!

Helen Webb

"Valuable for students and experienced practitioners alike. Everyone went away with something useful."

"I came away excited about the new knowledge gained and my greater ability to tackle challenging cases that will present in my practice."

"Very useful and practical application of homoeopathy. Great seminar!"

"Really enjoyed the case management & recognition of homoeopathic principles as seen in actual practice."

"Most helpful and inspiring!"

"Enjoyed learning how to integrate Jung and TCM with Homoeopathy"

"I found a mentor!" TCM is fantastic"

"Materia Medica will never be the same! Thank you Dr Luc."

VENUE

Manly Community Centre

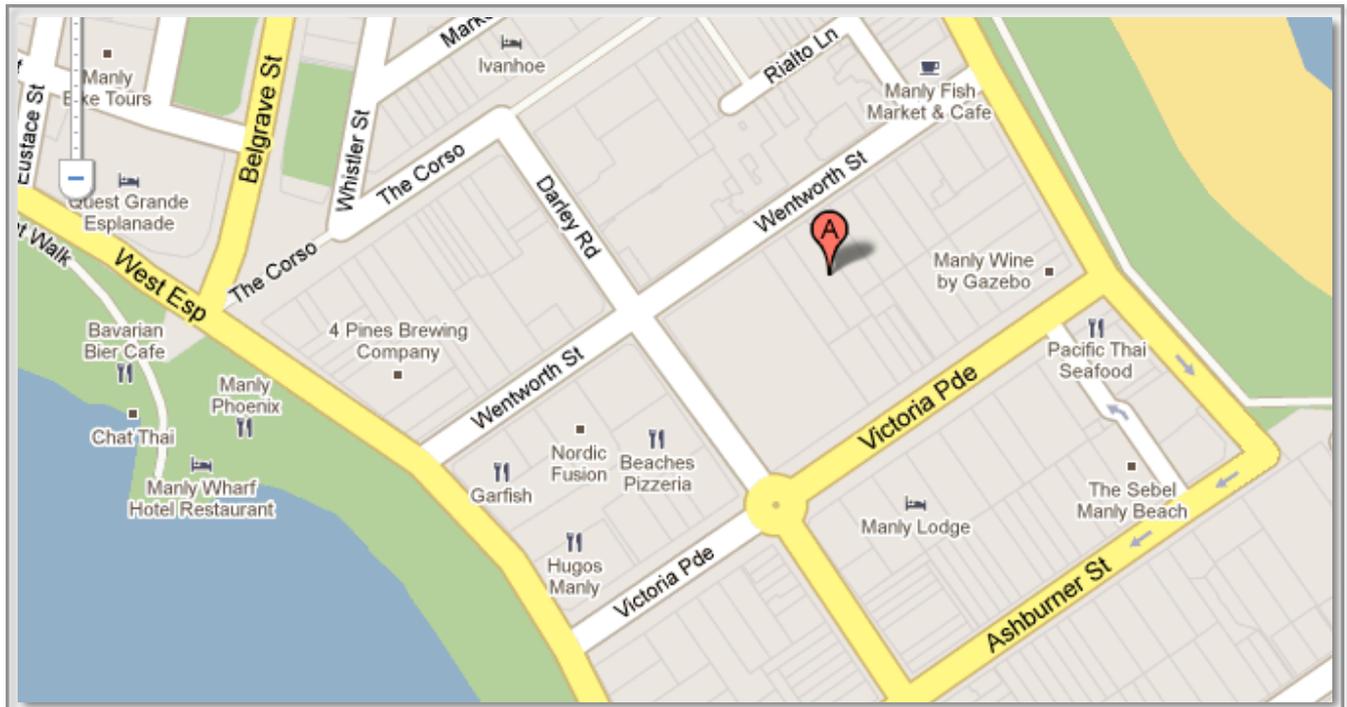

12 Wentworth St, Manly NSW.

9am - 5pm each day

18-20 Mar 2011 - 3 Day Seminar

21 Mar 2011 - TCM Day

Walking distance from ferry terminal, buses, local cafes, beaches, the mall and accommodation. Why not have a **holiday** at the same time? Make the most of scenic walks along the beach after the seminar each day. Morning tea provided, while lunch can be purchased from nearby cafes. Wheel chair access friendly. Saturday night let's dine together as a group and get to know each other.

This seminar is for you if...

- You are an experienced practitioner or a serious student of homoeopathy
- You are diligent about applying proven principles in practice
- You want more effective case taking
- You would like to master repertorisation
- You want to be more effective at differentiating materia medica
- You would like to speed up acute prescribing
- You experience challenges with case management
- You have already experienced Dr Luc's teaching and can't wait for more.

Turn the page to **BOOK NOW!**

This seminar is not for you if...

- You are looking for an esoteric approach
- You are looking for shortcuts to homoeopathic prescribing
- You don't think Hahnemannian principles still apply to practice in 2010.

3 DAY SEMINAR... 18 - 20 MARCH (FRI - SUN)

The Dutiful Personality

While a sense of duty is a noble characteristic, too much hinders the path to individuation. Many of our clients are over-burdened or trapped within a sense of duty leading to the manifestation of disease. We shall investigate the life course of **Sepia** through her different

miasmatic phases, how she appears in the clinic and clarify her dreams. We will compare it to **Natrum Muriaticum** and **Kali-Bromatum** while showing how to arrive at a differential diagnosis with **Calcarea Carbonica** and **Cauticum**. We will explore this exaggerated sense of duty in **Phosphorus** and **Naja**, and learn how many of these remedies meet with **depression, grief and anxiety** on their life path. Special consideration will be paid to this aspect of these remedies and differential diagnoses with other depressive remedies will be made.

"I will never miss Sulphur again in the clinic and only now realise how often I've missed prescribing it in the past" RV - 2010

Previous seminars, where differential materia medica has been taught by Dr Luc, leaves participants with an unforgettable, clear understanding of the true nature of the remedy, making them forever unmissable in the clinic.

Acute Prescribing

Principles, guidelines and tips in acute prescribing. The importance of emotional and temperamental changes in acutes. Understand the phlegmatic, sanguine and choleric types in acutes and how they present. **Practical exercises - bring your repertories and materia medica!**

Clinical cases

Exercises on determining the true suffering of the patient through finding the **Core Delusion** using principles of Carl Jung. Learn how this transcribes into rubrics, materia medica, constitutional type or chronic remedies. Gain true insight into the motivation of your clients, their temperaments and personalities and eliminate confusion in differentiation.

TRADITIONAL CHINESE MEDICINE SEMINAR - 21 MAR (MON)

Due to popular demand from attendees of the last three Australian seminars, Dr Luc is adding this day as an optional extra, so more time can be spent exploring this important clinical tool in detail.

The Metal Type

Learn how Traditional Chinese Medicine can help provide insight into diagnosis, prognosis and direction of cure. The Metal Type corresponds to the **Dutiful** type explained in the three day seminar and gives the homoeopath additional perspective and skills with which to understand and treat these patients. The functions, emotions, and temperament belonging to this type are explained in detail as well as unknown triggers influencing this Element. Being able to put your patient in an Element of TCM, narrows down your choice of remedies, simplifying differentiation of materia medica.

Recording equipment will not be permitted during the seminars.

YOUR INVESTMENT

EARLY BIRD RATES PAID IN FULL BEFORE 31/01/11

OPTIONS	COST
Option 1: 4 Day Seminar (includes TCM Day)	\$575 Practitioners
	\$410 Students
Option 2: 3 Day Seminar	\$495 Practitioners
	\$345 Students

Why did Dr Luc come to Australia?

As students **we asked** him to provide mentorship and common-sense homoeopathic education. **So he came!**

Why does he keep coming back?

We keep asking! Every year more and more people add to this plea for ongoing support and fantastic education.

Join us for this exceptional opportunity!
